Sunroom Additions Vancouver Washington

Welcome to Global Solarium! We are a Wholesale Manufacturer and Distributor of Conservatories, Sunrooms, Awnings, Patio Rooms, and Pool Enclosures in Vancouver, WA.

Sunroom Additions Vancouver Washington

A Global Solariums sunroom addition is designed and customized to blend perfectly with your current house design. With a wide variety of designs and finishes to choose from, the glass addition will enhance the look of any house, and provide a seamless match to any current home design. Whether you are looking for a glass roofed awning, bedroom, family room, kitchen extension, or simply adding a glassed patio room to your home.

Pool Enclosures

Imagine enjoying the benefits of your swimming pool, in the ultimate comfort, all year round, not just for a few summer months. The architectural designs of our pool enclosures are endless. They can be as simple as a straight-eave solarium or as creative as a free standing or attached conservatory. Most of Global Solarium's pool enclosures are not just designed to shelter the swimming pool or spa; they can also provide additional entertainment space throughout the year.

Frame Materials

Due to its light weight, extreme efficiency and superior durability, vinyl is recognized as the material of choice for a large number of building products. Global Solarium's Elite line of sunrooms, patio rooms and conservatories using thermally broken aluminum with vinyl clad, to assure efficiency and low maintenance.

Wood

There's nothing more appealing than the beauty and warmth of a natural wood in your sunroom. Wood interior Global Solarium sunrooms and conservatories are real Douglas Fir or Red Oak. If your personal style, or the wood finish in your home, requires you to have a specific type of wood, we also offer: alder, mahogany, cherry, maple, pine, or cedar. You may choose any stain color and clear top finish to satisfying your taste. Global Solarium wood interior sunrooms are always manufactured with external aluminum cladding to insure the maintenance free and long lasting beauty.
